

Labels Packaging Manufacturer in UAE

01 | WHAT WE OFFER

FMCG Labels

Labels for Fast-Moving Consumer Goods (FMCG) are crafted to meet the demands of high-speed production and diverse product ranges. These labels are designed to ensure vibrant print quality, durability, and compliance with industry standards. Whether for food, beverages, personal care items, or household products, FMCG labels are built to attract attention on shelves while maintaining functionality, such as resistance to moisture, heat, and handling during transportation.

02 | WHAT WE OFFER

Dairy & Poultry Labels

Specialized labels for dairy and poultry industries, such as milk cartons, egg packaging, and poultry wraps.

03 | WHAT WE OFFER

Household Product Labels

Labels designed for household products such as cleaning supplies, utensils, and home essentials. These labels are built to withstand everyday wear and tear, ensuring durability and long-lasting prints. They are customized to enhance brand visibility and maintain their quality under various conditions, such as exposure to water, chemicals, or heat.

04 | WHAT WE OFFER

Juice Bottle Labels

We can provide high-quality juice bottle labels designed for durability and branding. Our moisture-resistant, food-safe labels ensure vibrant designs that withstand refrigeration and condensation.

05 | WHAT WE OFFER

Personal Care Labels

The labels customized for the personal care industry have to appear good and satisfy functional requirements. Good quality of printing, UV and water resistance, and other factors may need to be considered when manufacturing such labels. We are able to execute such solutions and offer them at reasonable prices.

06 | WHAT WE OFFER

Perfume Labels

Labels designed for perfume bottles, crafted to exude elegance and sophistication while maintaining durability. These labels enhance brand identity with high-quality finishes, including foil stamping and UV coatings. Resistant to moisture, oils, and temperature changes, they ensure lasting beauty and readability, making them perfect for luxury and everyday fragrance packaging.

07 | WHAT WE OFFER

Edible Oil Labels

Specialized labels for edible oil and lubricant packaging. These labels are designed to adhere firmly to rough and slippery surfaces while maintaining their integrity under exposure to oils, greases, and extreme temperatures. They are resistant to smudging, peeling, and fading, ensuring that the product information remains intact and legible throughout its lifecycle.

08 | WHAT WE OFFER

Lubricants & Chemical Industry Labels

We can provide chemical-resistant oil and gas labels which adhere to rough metal and plastic surfaces, making them perfect for labeling chemical drums, pipes, hoses, and other products that are exposed to chemicals, oils, and fuels.

09 | WHAT WE OFFER

Promotional Labels

This is our primary area of focus. We are capable of offering a wide range of solutions in this regard and can customize our solutions in accordance with your requirements.

10 | WHAT WE OFFER

Logistics & Barcode Labels

With the right choice of labels, you can help keep your warehouse organized as these can identify inventory locations and other elements for improved tracking and data collection. These are also important for managing inventory in your distribution facility. With an organized labelling system in your warehouse premises, you could reduce the time spent in picking items from their locations and streamline the whole process from receiving to shipping. RECTAPACK can offer you customizable solutions to simplify the process.
